Network Search

Welcome to the HealthEOS by MultiPlan network. In three simple steps, you can locate providers in the network, and then display their information either on the screen or in a customized directory that you can download and print.

Click on one of the logos below that most closely matches the logo on your ID card.

Do you want to search The MultiPlan Network for providers outside of Wisconsin?
Visit www.multiplan.com/search

You can search for providers outside of our area by visiting: www.multiplan.com/search

Normally you want to search for local providers. Click on the H+ icon because it matches the logo on your ID card.

You need to login. Simply enter our Client Number, no password. Then click [log in](#). Our client number is **w335200001**

If you don't remember the number, you can usually get good information by using the [click here](#) link in the Guest Login window.

Please enter your ID and password and log in below, or [click here](#) to search the entire HealthEOS by MultiPlan network. If you need assistance with an ID and password, call 1-800-279-9776.

Guest Login

A log in is always recommended because not all providers in the network are available to every health plan used by our customers. A log in ensures you get access to only those providers who participate with your plan. If you do not know your log in, you may search the HealthEOS by MultiPlan network without logging in. However, your search results may include healthcare providers that aren't available to your specific plan. It is your responsibility to confirm participation in order to avoid out-of-network costs.

Please enter your ID and password and log in below, or [click here](#) to search the entire HealthEOS by MultiPlan network. If you need assistance with an ID and password, call 1-800-279-9776.

Important Notice

HealthEOS makes every effort to maintain accurate, up-to-date information but cannot be responsible for errors or omissions. Listing of a provider does not guarantee participation by the provider. When scheduling an appointment or elective procedure, it is your responsibility to verify the network participation status of all providers involved in your care including, for example, the anesthesiologist, radiologist, pathologist, facility, clinic or laboratory. Failure to do so may result in increased out-of-pocket costs for you based on your benefit plan.

Verification can be obtained by calling HealthEOS' customer service department at 1-800-279-9776.

Make Formatted Directory (sort by State, then County, then Specialty, then Name)

If you know the provider's name (practitioner, group, or facility) enter this in the "Whose name contains" field. If you don't have a specific name, leave this blank and all practitioners with the specified parameters will be found.

Select the state. The counties within that state will appear in the next field. You may only search by one state, or by all of them at the same time. Click on the state you would like to search. To search all, click on "Any Field."

A county specific search is available. Highlight the county or counties you want to search. To search by more than one county, press and hold the CONTROL button and click on all the counties you want. If you select a county in error, just click it again to un-highlight it.

If you want to search by a specific specialty, click to highlight specific specialty desired. If you want to search for all specialties, then select "Any Field."

Your search results can be displayed in three ways.

1. Display as a list. (Select this if you only want to view the directory.)
**Please note that only results for the criteria entered will be shown.
2. Make Formatted Directory. (sort by state, then name) (Select this if you want to view and/or print directory.) File exports directory format to your word processor.
3. Make Formatted Directory. (sort by state, then county, then specialty, then name) (Select this if you want to view and/or print directory.) File exports directory format to your word processor.
**For options 2 and 3, please note that regardless if you've selected Practitioner, Groups, or Facilities, all three sections will generate in a directory format displaying any matching results.

Finally, click on the "Search" box to create the directory. To start over, click on the "Clear Form" box.
